Welcome to Rishi Tea

Thank you for choosing Rishi Tea. In us you have a partner who is intent on bringing you the pinnacle of quality and service, derived from more than a decade of nurturing relationships with tea growers and customers like you. Direct trade with growers in producing regions allows us to tailor-make our tea to a target flavor profile. Rishi Tea's customers in turn have access to truly premium caliber tea and a dedicated staff year after year.

Food Service Programs

Rishi Tea offers programs that will enable you to enhance any culinary experience that you create for your customers. We have options that will aid your staff in preparing and serving tea in a range of formats. If you don't see something that suits your needs, your sales representative will be glad to collaborate with you to customize the tea service that you wish to offer.

Single-Origin Specialists

We bring you unique, seasonal teas that simply cannot be found anywhere else in the world. As with wine and coffee, each tea has an inherent sense of place. Our teas reflect the heritage and local flavor of their homeland. We call this the Taste of Origin.

Rishi Tea is there...

Understanding crop conditions and seasonal elements in each tea region is crucial in our quest for top quality teas. Our tea experts spend months every year traveling throughout the world from crop area to crop area in order to ensure the quality and sustainability of Rishi Tea's organic supply chain. By being there in person, we get to know the seasonal character of the tea during the harvest season, decide how we want our tea processed and select the very best lots each year.

Master Blenders

We're just as meticulous about our herbs and spices as we are our tea, paying sharp attention to freshness, potency and purity. Our highly skilled blenders transform these botanical ingredients into enriching sensory experiences. We blend by hand and taste every batch for quality.

Quality Promise

If for any reason you are not fully satisfied with your purchase, let us know and we'll issue a refund or replacement. That's our promise.
